

The Commune of Wrocław is implementing a project co-financed from European Funds

project name: It's safer in day care centers every day

The aim of the project is to improve the quality of social services provided in day-care homes by transferring, adopting and implementing a new model to prevent the consequences of unfortunate events and their effects, thanks to cooperation with a supranational and national partner.

Project participants are the clients of day-care homes, their family members or actual carers.

Project implementation period: 01/09/2019 -31/03/2022

Project co-financing from the EU: 1 236 071,48 zł

Project beneficiary: **Wrocław Commune**

The project implementer on behalf of the Wrocław Commune is the Municipal Social Services Center in Wrocław

National partner: Medical University of the Silesian Piasts in Wrocław

Transnational partner: Azienda Pubblica di Servizi alla Persona Giorgio Gasparini Vignola (Modena, Italy)
